

# NETWORK TEACH

nett

With over 25 years' experience, North Essex Teacher Training is one of the most established teacher training providers in the country, there isn't much that we don't know about training to be a teacher.

**NETWORK TEACH** is a development opportunity and information service for undergraduates and graduates looking to develop their skills before applying for formal teacher training.

We pride ourselves on providing personalised support with well-qualified, friendly and supportive staff, both at our centre and throughout our partnership schools in the Colchester and Tendring area.

## We offer:

- 1:1 guidance sessions on routes into teaching.
- Advice on both Primary and Secondary Teacher training
- Knowledge Development Session.
- A teaching resource library
- Opportunities to gain classroom experience within our partnership schools.
- Advice on subject enhancement requirements.
- Guidance on Student finance.

**Whether you are you an undergraduate, graduate, a student working towards a degree or a school based employee - NETWORK TEACH could be for you.** Joining our NETWORK is simple, just drop us a line and let's start a conversation so we can support you on your journey to becoming a teacher.
